

Gheid Abdulkarim

AI Engineer

Jeddah, Saudi Arabia | +966 57 124 4582 | gheidabdulkarim@gmail.com

Portfolio: <https://gheid-mycv.vercel.app> | GitHub: <https://github.com/iamghaid>

LinkedIn: <https://www.linkedin.com/in/gheid-abdulkarim-6567872ab/>

Professional Summary

AI Engineer and Computer Science student with experience building AI assistants and automation workflows, developing responsive web applications, and integrating REST APIs. Practical experience with large language models, prompt engineering, n8n, React, Node.js, and Firebase. Current internships focus on knowledge engineering, data intelligence, and data quality using Oracle and Excel.

Technical Skills

Programming: JavaScript, Python, Java, Go, HTML5, CSS3

Web Development: React, Node.js, Express.js, REST APIs, responsive design

AI and Automation: Prompt engineering, large language models (LLMs), AI agents, n8n, webhooks

Data and Tools: SQL, MongoDB, Firebase, Oracle basics, Microsoft Excel, Git, GitHub, Vercel

Professional Experience

Data Quality Analyst Intern

Shibh Al Jazira Contracting Company (SAJCO), Jeddah | Sep 2026 - Present

- Enter, manage, and retrieve data using Oracle; check records for accuracy and data quality.
- Analyze and organize data in Microsoft Excel using formulas, sorting, filtering, and data validation.
- Prepare data analysis reports, tables, and charts to communicate results.

Artificial Intelligence Engineer Intern

Saudi Developers Community (SDC), Hybrid | Sep 2026 - Present

- Undertake practical training focused on knowledge engineering and data intelligence.

Automation Specialist

Mabda AI | Sep 2026

- Applied automation, generative AI, and prompt engineering following practical AI training.

Solutions Developer

Freelance Software Development | Sep 2024 - Sep 2026

- Developed responsive web applications and managed delivery from requirements and interface design through deployment.
- Integrated REST APIs and third-party services; built AI assistants and workflows using LLMs, prompt engineering, and n8n.

Education

Bachelor of Science in Computer Science, in progress

Arab Open University, Jeddah | 2022 - 2026

Selected Projects

Global Eagle Travel

Bilingual travel website and content administration | 2026

- Developed an Arabic and English travel website with light and dark themes, responsive layouts, and an administrative dashboard.
- Connected content management to Firebase Realtime Database and deployed the website on Vercel.

Live: <https://eagle-azure.vercel.app>

Qurb

Graduation project | In development | 2026

- Developing an AI-supported platform for Quran memorization circles with role-based dashboards, progress tracking, scheduling, and analytics.

Technologies: React, Firebase | Live: <https://qurb-halaqat.vercel.app>

Echo Social Media Growth Analysis

Open-source exploratory study | 2026

- Compared engagement, user churn, and organic visits in simulated Threads and TikTok growth data to explore sustainable growth and temporary viral activity.
- Documented the study in a research report and presentation; published the source and supporting materials on GitHub.

Repository: <https://github.com/iamghaid/Social-Media-Growth-Analysis-Threads-and-TikTok->

Irth

Interactive Saudi crafts website prototype | 2026

- Developed a website prototype featuring a 3D customization studio, craft exploration, a demonstration storefront, and workshop bookings.

Live: <https://irth-vr.vercel.app>

Professional Training

AI and Automation Workshop

Mabda AI | May 2026 - Aug 2026

- Completed an intensive three-month practical workshop in AI, generative AI, and automation.
- Built AI agents and automated workflows using n8n, webhooks, and AI models; applied AI-assisted tools to websites and digital content.
- Collaborated on team projects and delivered technical presentations.

Selected Certifications and Awards

- One Million Prompters - Certificate of Completion | Dubai Future Foundation | 2026
- Afaq Artificial Intelligence Initiative, Third Cohort | eYouth in collaboration with IBM SkillsBuild | 2026
- Data Analysis with Gemini | Google Developer Groups On Campus | 2026
- From Zero to MVP Bootcamp | Google Developer Groups On Campus Qassim | Aug 2026
- First Place, Programming Creativity Competition | Arab Open University | Apr 2025
